Address: Mabilog, Concepcion, Tarlac
Phone: 091-0582-7036
Email: zdeprald1@gmail.com

SUMMARY

Computer Science graduate with experience in data handling, system support, and basic application development. Developed a React.js-based system and applied TF-IDF and Cosine Similarity for data processing. Completed internship and freelance work involving data validation and structured data tasks.

WORK EXPERIENCE

On The Job Training | Central Azucarera de Tarlac – MIS Department | Nov 2022 – Jan 2023

- Assisted in basic IT and administrative tasks during internship period
- Assisted in data management tasks, including organizing, updating, and maintaining records using MySQL-based systems
- Supported system workflows and basic backend operations
- Utilized PHP and Python tools for simple data-related tasks and system support

Government Internship Program (GIP) | PESO Office, Concepcion, Tarlac | June 2024 – Dec 2024

- Provided administrative and operational support within a government office
- Handled data entry, record updating, and document organization
- Contributed to the development of a barangay donation tracking system using React.js to improve record management

Freelance Data Annotation & Evaluation | Appen (via CrowdGen) | Apr 2024 – Present

- Annotated image datasets following strict guidelines
- Transcribed audio recordings into structured text
- Extracted and categorized product data from e-commerce platforms
- Assisted in preparing datasets for machine learning use

EDUCATION

Bachelor of Science In Computer Science (BSCS)

AMA Computer College (2019-2023)

- Capstone Project: Restaurant Finder System Thesis
- Applied TF-IDF and Cosine Similarity Algorithm to improve search relevance (Python)

HUMSS

Tarlac National Highschool (2013 -2019))

ADDITIONAL INFORMATION

Technical Skills:

- Programming: Python, JavaScript
- Web Development: HTML, CSS, React.js,
- Database: MySQL (basic data management and queries)
- Data Handling: Data annotation, data entry, transcription, data validation
- Tools & Systems: Familiar with basic system workflows and documentation

Languages: English, Tagalog

Certifications:

- C++ Programming (CPA, CPP)
- Introduction to Cybersecurity
- CCNA (Networking)
- Packet Tracer
